

GOVERNING THE PHILIPPINES

PLAN FOR THE COLLECTION OF REVENUES THERE.

"Open Door" Scheme is in Favor at Washington—Nations to be on an Equality in Trade—Taxes Collected Upon Americans as Well as Foreigners.

Washington, Nov. 23.—[Special]—The question of the future government of the Philippines is engaging much attention here these days. The plan that receives the greatest favor is known as the "open door." Members of the cabinet say that this "open door" policy is nothing more nor less than the creation of a complete tariff for and against the Philippine Islands. There is, however, a distinct reason, or rather two of them, for the unexpected incorporation of this "open door" policy in the treaty itself. The proposition as submitted to Spain is, in brief, that the United States will govern the Philippine Islands, but do it in such a way as to put all the nations of the earth on an equality so far as general competition is concerned.

A tariff will be created for the Philippine Islands which will operate against the United States exactly the same as against all other nations, at least for the period of a year. The ordinary tariff laws of the United States will be applied to importations from the Philippines exactly as if the islands were a foreign country. In this way all European countries will stand on a par with the United States in the Philippines so far as customs duties are concerned. The exports of the island will, of course, seek the most profitable market, independent of any question of political allegiance.

REGARDLESS OF CONSEQUENCES.

Spanish Commissioners Recommend the Rejection of American Demands.

Paris, Nov. 23.—[Special]—Opposition to the acceptance of the terms offered by the American commissioners has increased instead of diminished. Two of Rio's associates, three making a majority are said to have joined him in making strong recommendations to Madrid to reject the American offer, regardless of consequences. It is probable that this advice will be adopted.

The new line occupied about fifteen days in building.

FIFTY YEARS TOGETHER

The Notable Anniversary of Mr. and Mrs. Gideon E. Newman.

On November 19, 1898, Mr. and Mrs. Gideon E. Newman, of Cooksville, celebrated that rare and beautiful occasion, a fiftieth wedding anniversary, by receiving their friends from eleven to five o'clock.

At dawn, the skies were gray and clouded, but later the day became sunny and genial, as if it noted and smiled upon this happy event which was taking place in a quiet corner of the busy world. Guests gathered from near and far, from town and countryside, and were greeted with a cordial hospitality which made the time passed in the pleasant home of Mr. and Mrs. Newman a delight never to be forgotten. There was no stiffness, no formality, no constraint. The joy of welcome and the spirit of home pervaded everything.

Many flowers, beautiful chrysanthemums, yellow and white, and exquisite Jacquemot roses, helped to brighten the rooms. A large proportion of these blossoms were the offerings of friends who would not quite be forbidden by the words "No gifts" at the bottom of each invitation card. Here and there were suggestions of the day's significance. These were particularly noticeable in the dining room, where some artist's hand had wrought the customary appointments of the central table into a beautiful harmony of white and gold.

There was no repetition of a wedding ceremony. The marriage of Gideon E. Newman and Elizabeth Wardell took place at Cheviot, now a suburb of Cincinnati, Ohio, on Nov. 19th, 1848, Dr. Brisbane officiating. Of those who were present upon that occasion, only four are now living, one of whom, Mrs. Cornelia Weston, of Chicago, a niece of Mrs. Newman, was also present at the celebration of this fiftieth anniversary. Other guests from a distance in attendance upon this latter occasion were: Thomas Wardell, of Iowa, and Charles Wardell, of California, brothers of Mrs. Newman; Mrs. Kittle Niles and daughter, and Mrs. Frank Newman and child, of Iowa; and Mr. Gideon E. Newman, Jr., and family, of Chicago.

In all, the company numbered about one hundred, thirty-one or two of whom belonged to the family circle. And these many friends were greeted so generally, guided from room to room and guest to guest with such tact and foresight, served delicious refreshments in so exquisite a manner, and bidden farewell with such loyalty and friendliness that nobody dreamed of a crowd, but everybody departed, gladdened anew by the sight of dear, familiar faces.

Those present, however, were far outnumbered by the absent, whose affection was attested by very many letters containing loving congratulations, letters sometimes accompanied by a little gift that would not be denied.

The sons and daughters gathered again in the old homestead united in presenting a few gifts chosen with that insight to the tastes and requirements of father and mother which no outsider could possess, and which will insure the daily use of the loving tokens. One little memento presented by a friend was a booklet specially and exquisitely decorated for the occasion, and in this were collected the autographs of all who were present.

Gideon E. Newman was born at Dixfield, Maine, in 1823. Elizabeth Wardell was born in Lincolnshire, England, in 1824, from which place she moved to Ohio in 1828. The silver-haired couple have four sons and two daughters now living: Edwin Newman, of Center; Mrs. Belle Gillies, of Janesville; Mrs. Lillian Porter and Freeman Newman, of Cooksville; Frank Newman, of Iowa; and Gideon E. Newman, Jr., of Chicago. There are twenty-one grandchildren. With what surpassing beauty and beneficence hath God wrought both old age and infancy into the rounded family circle! And perhaps no other occasion can quite so fully exemplify and interpret this as a golden wedding.

In fifty years wouldst know what thou hast sown.

Each of you tavin, who've kept in step so long? We've gleamed but lightly, as a moving through Swoop here and there, like down of thistle blowing.

And yet each bears a bright sheaf of his own; We're the reapers, bringing home with song. Stray scatterings of the yield; we meant no wrong. But left much by the way; so that last known thousand reapers more or less to do. Thus robbing those whom most they would reward. Thus proving faithless where they would be true. Their smiles and God's sweet pardon in accord. Ah well! like this we come to reap at last. Some portion of thy Golden Harvest—Love.

MILITIA COMPANY IS FORMING HERE

AN EAST SIDE BUSINESS MAN TAKES CHARGE.

The New Company Will be Composed of the Leading Young Men of the Town—Work Is Now Well Under Way—Will Rent the Armory.

A militia company to take the place of Company A is being formed in this city, but the work is being so quietly conducted that the public knows but little concerning it.

A prominent east side business man is at the head of the new company, and promises to see it safely on its feet. The company will be composed of several young men of the city who have never before entered military life, but who have always taken an active part in the social affairs of the city. New officers will be in command, while a number of the members of former Co. A, will join. The Armory will be rented, and before many days the names of those who now have the business in hand will be ready for publication.

"The reason why we don't care to have this new company talked about just at present is because we have not yet completed the list of members," said one of the promoters of the enterprise last evening, "but just as soon as we get all our men we will then see that the papers have the facts just as they are. We have had plenty of men apply for places, but what we want is the very best young men of the city, and no others. That is what will make a company that the city may well feel proud of."

In several of the cities through the state companies are now being reorganized and improved, and Janesville proposes to be included.

Captain Charles, Hanson, who served former Co. A, with credit, is not in the field for the position of captain, and the indications are that the new company will have a new set of officers who were active militiamen in this city several years ago.

A PLAY OF RARE QUALITY

"The Lost Paradise" is a Drama of Unusual Living Interest.

Among the agreeable announcements to theatre going people is that "The Lost Paradise" unquestionably the greatest of all the problem plays presented during the past decade, will come to us with the same elaborateness of scenic detail and the same standard of excellence in the makeup of the company that marked its first production by Chas. Frohman some five seasons ago. A carload of special scenery will be carried, presenting the celebrated "Mill Scene," on a scale of realism seldom if ever before attempted. The scene shows the "Knowlton Iron Works," with seething furnaces, revolving fly wheels, whirling emery wheels, this, with the clatter of workmen's hammers on the anvil takes one away from the theatre to the stirring workshop itself.

This magnificent attraction will be seen at the Myers Grand tomorrow Nov. 24, matinee and night. Seats are now on sale at the box office. Popular prices for the matinee.

SERVICES OVER SUICIDE'S REMAINS

TENDERLY LAID TO REST IN OAK HILL.

Early Settlers Attended the Services Over the Remains of S. C. Spaulding—His Son Was Present From Villa Ridge—Sudden Death of Mrs. Jas. Boyd.

With bowed uncovered heads some two dozen early settlers gathered about the bier of the late Stephen C. Spaulding at 10 o'clock this morning at the Frank D. Kimball undertaking rooms on West Milwaukee street, and paid their last tribute of respect to one who took an active part in the early welfare of the city, and whom they had associated with in their younger days.

Clarence S. Spaulding, of Villa Ridge, Ill., son of the deceased, was the only relative present, and to him the sympathy of all was extended.

Rev. Robert C. Denison, pastor of the Congregational church, officiated, the services being of a brief but impressive nature in accordance with a wish expressed by the suicide's son. The remains rested in a plain black casket, and no pretension at extra expense was made, which was the suicide's request in his letters to local friends.

At the close of the services the remains were tenderly borne to Oak Hill cemetery and interred beside those of his daughter. The pall bearers were friends who had known the deceased in early life and were: Milo Curtis, Henry Rogers, Samuel Wright, E. J. Kent, W. T. Van Kirk and Nathan Dearborn.

SWINDLERS AFTER FLORIST

Frederick Rentschler, Now of Madison Was Imposed Upon.

Frederick Rentschler, now of Madison, and a member of the local florist firm of Rentschler Bros., was called on yesterday in Madison by an unknown man who appeared at the green house in the forenoon and ordered a dozen and a half palms to be sent to the residence of Mrs. C. E. Miller. He said that Mrs. Miller wished to rent them to decorate her house. The unknown had already been to Mrs. Miller, and claiming to represent a Milwaukee florist, asked permission to place a few palms in the back yard, while they were being sold in the neighborhood. Before night all the palms were disposed of by the stranger at prices varying from 25 cents to \$1. Mr. Rentschler called for his palms and the swindle became known. Nearly all have been located with the aid of the police, and the people who bought them will be compelled to give them up. The same game has been played in Milwaukee and other towns of the state.

BRIEFS FROM BELOIT

Janesville Lady Married—Temperance Lectures—A Case of Miscegenation.

Beloit, Wis., Nov. 23.—[Special]—In this city November 17, Hugh Knipe, of Chicago, was married to Miss Jessie Hathaway, of Janesville.

Francis Murphy, the temperance lecturer, is giving lectures in the city and crowded houses greet him every night. Monday night he gave a very good lecture his subject being "The Salvation of Men, through Kindness and the Grace of God." During the evening Mr. Murphy stated that among those who had signed the pledge in Beloit was J. W. Bates, whom he called on the platform to make a speech. Mr. Bates appeared on the platform and said it had been seven months since he had drunk any liquor, but to please Mr. Murphy he had signed the pledge conditionally, that was that he would not drink any liquor while Mr. Murphy remained in Beloit.

Yesterday noon the officers arrested the alleged Prof. and Mrs. Henderson at the St. Paul depot. Last Saturday afternoon there arrived in Beloit a colored musician apparently forty years of age, accompanied by a seventeen year old white girl and they claimed to be man and wife. They at once advertised themselves as instructors in music, and attention was attracted on account of the difference in color. The Chicago papers published dispatches from Peru, Ill., stating that a married colored man had run away with a white girl. The description of the parties started the police to telegraphing and the man was arrested. Miss Frank tells a rather disconnected story. At her home in Peru, Ill., she had taken in instructions on the mandolin and guitar from the colored teacher and a warm attachment had sprung up between them. Her father tried to break it up but her stepmother didn't seem to care. When they reached Beloit they took rooms at the home of Mr. Abraham on Harrison avenue, and acted as teachers of the mandolin and guitar at one of the vocal stores. Mr. Henderson says that he and Miss Frank were married in an Illinois hamlet by a squire. He is confined in the lockup while the young girl is in one of the hotels awaiting the arrival of her father who is expected any day.

AWFUL HOLOCAUST AT SAN FRANCISCO

BALDWIN HOTEL BURNED EARLY THIS MORNING.

Guests and Servants Go Down in the Ruins—Many Men Seen at Upper Windows Vainly Appealing for Rescue—Ten Known to be Dead at Last Reports.

San Francisco, Nov. 23.—[Special]—The Baldwin hotel, one of the most famous hostilities in the west, was burned this morning and a number of lives lost. The great building was discovered to be on fire at 3 o'clock, and an hour later but the bulging, crumbling walls stood. The hotel was filled with guests, and all were given ample warning, but some who slept on the top floors, where the servants were also quartered, were unable to escape, and several undoubtedly perished. The men jumped from the windows and were dashed to death. Several women were seen to fall back into the flames appealing from the windows of the building without success for assistance. It is reported that several servant girls were burned to death on the top floors.

A later report says ten lives were lost altogether. The property loss is between a million and a half and two millions. The hotel was built by "Lucky" Baldwin, the famous sporting man and capitalist.

The fire was under control at 9 o'clock but is still burning. A large number of injured persons were taken to the hospitals. The walls fell at daybreak and a number of firemen and policemen had narrow escapes.

PLACES MORMONISM IN ITS TRUE LIGHT

ELDER BURR WRITES OF LAT-
TER DAY SAINTS.

Says His Church Does Not Believe in
the Doctrines Promulgated by the
Followers of Brigham Young—
Which Faith is Held By Men Who
Are Here.

Editor Gazette.—Doubtless the readers
of The Gazette will remember that the
issue of the 9th contained a notice that
two elders representing the church of
Jesus Christ of Latter Day Saints were
in town and proposing to make a can-
vass of the city and give the people an
opportunity to learn of Mormonism in
its true light.

If the people of Janesville, or any
other city or town, could learn of Mor-
monism in its true light it would be
highly gratifying to those who repre-
sent the Reorganized Church of Jesus
Christ of Latter Day Saints.

We have no doubt but that there are
hundreds of people who read the notice
referred to at once concluded that
these emissaries from Utah represent the
same people who conducted a series of
tent meetings on Washington street last
summer, and also who conducted the
grove meetings on the farm of O. N.
Dutton five miles north of the city last
September.

To all such permit us to say there is
no affinity between them, whatever, and
they as widely differ as do any other
church organizations who openly and
avowedly oppose such doctrines as
polygamy, blood atonement and Adam-
God worship.

We have interviewed these gentlemen
and they admit their belief in polygamy,
say it is of God, and that those who
practice it commit no sin!

On the other two counts (blood atone-
ment and Adam-God worship), they
manifest a disposition to dodge, but
those who are familiar with the doctrines
of Mormonism which was foisted upon
those who were beguiled and led away
by Brigham Young, know that these
doctrines were taught by him and ac-
cepted by those who became his adher-
ents. And we are prepared to prove
these statements to be true. And we
would kindly suggest to the citizens of
Janesville, who may be visited by these
gentlemen, that they ask them some
leading questions along these lines and
they may learn something of Mormon-
ism in its true light.

The Reorganized Church of Jesus
Christ of Latter Day Saints do now, and
always have, regarded those people in
the west as apostates, and those who de-
parted from the faith; and this opinion
has been sustained by the decree of
three courts—two in the United States
and one in Canada. The original church
never believed in or taught the doctrines
above named; and so far as that of po-
lygamy is concerned it was never a tenet
of the true church, and was not even
taught to those people who accepted it
until August 29, 1852, when the first
public announcement was made of it at
Salt Lake City, Utah, which was eight
years and two months after the death of
Joseph Smith, the founder of the church,
who was assassinated at Carthage jail in
Hancock county, Ill., on June 27, 1844.
The doctrinal tenets of the church were
then, what they are now, and what they
must always remain, faith and repen-
tance, baptism by immersion for the
remission of sin, the laying
on of hands, as taught and
practised by the Savior and the apos-
tles. We believe in two resurrections
from the dead, first that of the right-
eous dead, or those who are Christ's at
his coming, and that those two are sepa-
rated by a thousand years and a little
season; then comes the general or final
resurrection when all that remain in
their graves shall rise and stand before
God. Then comes the eternal judgment
when each will receive a reward com-
mensurate with the good or bad each
may have done. We believe marriage is
honorable and ordained of God and that
it is lawful for one man to have one
wife and that they twain may be one
flesh that the earth may answer the end
of its creation. We hope and trust the
readers of this paper will carefully note
these things and always remember that
there is a wide difference and one with
a distinction between the Reorganized
Church of Jesus Christ of Latter Day
Saints and the one in the valleys of the
mountains, whose representatives are
men among you.

NO INTEREST IN THE FIGHT

Janesville People Were Not Concerned in
the Corbett-Sharkey Fight

There was little interest in Janesville
in the result of the mill-between Corbett
and Sharkey. It was generally looked
upon as a hippodrome affair designed to
get the money of suckers, and the result
proved the correctness of this opinion.
At previous contests between noted
fighters the telegraph offices have been
besieged with crowds anxious to hear
the news from the field of battle. Last
night scarcely an inquiry was made at
the telegraph or newspaper offices, and
the ordinary resors of those interested in
such affairs were practically deserted.
There was no surprise this morning
when the result became known. The
pugilists had got what they were after
—a big house and much notoriety.
Both realized a handsome sum, which
when equally divided under the referee's
decision, gave each nearly \$20,000 for
their trouble and pains. This sum was
regarded as pretty good pay for two
months of volubility and braggadocio
supplemented by a few minutes of fight-
ing in which neither party received a
blow of sufficient severity to main an
able bodied mosquito.

County Line.

County Line, (between Rock and
Dane), Nov. 22—William Gilley, our
road commissioner, has done some good
work on the road from the dam to Ga-
rey's place, and several other sections of
our road show the people that we have
a man who not only understands how to
run the grader, but runs it where it is
most needed. Miss Alma Hereoid is
spending the week with friends in Chi-
cago. George Haylock, who has been
running a milk route to Indian Ford
this season, now has two teams on the
road, one to the Ford and one to the
Eagle creamery in Porter. William At-
tlesay has sold one of his music teams,
the consideration being \$250. He had
two of the best teams in this section,
and was very proud of them. Edgerton
will soon have the grading of Front
street completed. It will be a great im-
provement to the Tobacco City and
one much needed, as the ground is
low there and the mud very deep.
Rev. Mr. Spike is soon to leave this
neighborhood and make his home in
northern Wisconsin, having rented the
old farm to Jesse Martin. Our best
wishes will go with him. Our old neigh-
bor, Eddie Wallen, is to teach school in
Tuition village this winter. Any one
wanting to buy a good tread power
should call on H. C. Canrose, who has
one nearly new and who has no use for
it. Our neighbor, John Cruse, now has
one of the neatest looking homes in the
neighborhood, having remodeled and re-
painted his house the past fall. Wm.
Watson, who has been sick for some
time is improving and will we hope soon
be out again. Mrs. Cammell, who built
a house on the corner is now building a
neat barn and hen house. It makes a
very pretty home, being at the edge of
a large piece of oak woods and enclosed
by a Janesville woven wire fence.
Thanksgiving day will call many of the
county liners away from home as there
will be several home gatherings and
several less turkeys. S. Bartzell and
another fawn shipped from northern
Wisconsin a short time ago. He now
has two on his home farm and intends to
trying more. Will some of the neigh-
bors please do something queer before
next week so we can have something to
write about. Just have a runaway or a
dance or get married or something we
can write about and oblige.

Take Particular Notice.
All those indebted to me are requested
to call at my store, on the bridge, and
settle up, as I am closing out and will
be in Janesville only a little while longer.

REV. MR. EATON AND THE CHARITY BALL

FORMER JANESVILLE CLERGY-
MAN BEGINS A FIGHT.

Leading the Opposition to the Society
Event at Des Moines Where He
Now Has a Church—Petition to the
Associated Charities Asking That
the Plan Be Abandoned.

Rev. E. L. Eaton, formerly pastor of
the Court Street M. E. church, in this
city, now pastor of the First Methodist
church of Des Moines, is repeating the
performance which gave him so much
notoriety while a pastor at Milwaukee.
He has stirred up the clergy and a large
part of the church membership of Des
Moines to protest against the annual
ball given for the benefit of the Asso-
ciated Charities. The clergymen have
petitioned the association with friendly
intention not to have a ball this year.
What result it will have is as yet un-
decided. The secretary of the Associated
Charities states that before they gave
a charity ball it was extremely difficult
to get enough money to keep up the
work and that she once had to resign
her position temporarily and do some
more lucrative work in order to earn a
living. Since charity balls have been
given the association succeeded fairly
well in keeping above water.

The form of the ministers' petition
is as follows:

The Petition.
We, the members of the Ministerial
association of Des Moines, beg leave to
petition your honorable body asking that
you abandon the practice of giving an
annual charity ball for the purpose of
raising funds for your society, or for any
other purpose.

These public balls are objected to by
a large part of the christian public up-
on the grounds of conscience, because
they believe the public does much to
break down spirituality and to over-
throw that very type of unworldliness
which the church of Jesus Christ
strives to build up.

The Associated Charities deserves the
sympathy and co-operation of all Chris-
tians and of all churches, without which
it cannot hope to accomplish much. But
how can it hope to serve and hold that
sympathy and cooperation while delib-
erately lending its influence to prac-
tices which the church seeks constantly
to discourage and to foster a spirit of
worldliness which the New Testament
everywhere condemns?

Ball Not Needed.

An organization so dignified as the
Associated Charities, with an aim so
noble as that of striving to help the
poor and the unfortunate, should be
abundantly nurtured by the free will of
ferrings of a Christian public without any
resort to questionable methods, and any
methods are questionable that forfeit the
sympathy of a large number of earnest
Christian men and women—methods
which seek to secure funds by flattering
people's vanity or by cajoling them into
its patronage.

We therefore respectfully but firmly
request that your honorable body hence-
forth discontinue the charity balls.

She's a fine girl, quite brilliant, I
hear. I understand she has just com-
pleted a course of Rocky Mountain Tea.
That accounts for her brilliancy. Smith's
Pharmacy, local agents.

OPIE READ'S GREAT PLAY

The Carpetbagger is a Success as a
Drama, and Will Soon Be Here.

The theatre-goers of Janesville will,
on Saturday next, be called upon to pass
judgment upon what is said to be one
of the greatest of this season's crops of
plays. It is called "The Carpetbagger,"
and will be presented by Tim Murphy
at the Myers Grand.

"The Carpetbagger" was written by
Opie Read, the well known American
novelist, and Frank S. Pixley, a
prominent Chicago newspaper man.
The last time he was seen upon a
stage was in the triumphant farce sug-
gested, "A Texas Steer," in which he won
fame for his superb characterization of
Maverick Brander, the Texas congress-
man. In his latest effort the star is
seen in the role of Melville Crane, the
carpetbagger governor of Mississippi, in
1867. It is not Brander whom we meet,
but a much more substantial sort of a
man—a man with a powerful brain, a
breadth of vision, and latent nobility of
character which the hero of a farce
could not have. Yet the humorous
sides of both parts are similar. It is
said that Mr. Murphy has never had
such an opportunity for good work as
this vehicle affords, and from all accounts
he has taken full advantage
of it. If the character
of Melville Crane had been specially
drawn from him it could not fit him
better. It is said that what the women
will find to admire and rave over in
"The Carpetbagger" is the gentle truth
of its love stories, and that to the men
the pungent sarcasm and humor of the
strongly drawn hero will appeal forcibly.
There is a negro body servant to the
governor who, it is remarked by those
who have witnessed the play, is funny
to the last degree in action—not as a
minstrel, but in the faithful exhibition
of racial characteristics.

The play is one of the most success-
ful yet written by Opie Read, that most
delightful of novelists and playwrights,
whose fame is increasing as the years
pass by.

I am very pleased to state that since I
took the agency of Chamberlain's medi-
cines the sale has been very large, more
especially of the Cough Remedy. In
two years I have sold more of this par-
ticular remedy than of all other makes
of the previous five years. As to its
efficacy I have been informed by scores
of persons of the good results they have
received from it and know its value
from the use of it in my household. It
is so pleasant to take that we have to
place the bottle beyond the reach of the
children.

Evidence Which is Right to the Point and Reliable.

Judge Frank Ives of the District Court of Crookston, Minn., says: For some time I have used Stuart's Dyspepsia Tablets with seeming great benefit with few exceptions. I have not been so free from indigestion in twenty-five years.

George W. Roosevelt, U. S. Consul to Brussels, Belgium: Stuart's Dyspepsia Tablets, safe, pleasant to take, convenient to carry, give keen appetite, perfect digestion.

Mr. W. D. Tomlin, mechanical engineer, Duluth, Minn.: One box of Stuart's Dyspepsia Tablets has done its work; and I am gaining flesh and strength.

O. E. Ransom, Hustonville, Ky.: I was distressed and annoyed for two years with throwing up food, often two or three times a day; had no certainty of retaining a meal if I ate one. Four boxes of the tablets from my druggist have fully cured me. I find them pleasant to take, convenient to carry.

Rev. G. D. Brown, Mondovi, Wis.: The effects of Stuart's Dyspepsia Tablets is simply marvelous; a quite hearty dinner of broiled beefsteak causes no distress since I began their use. Over six thousand people in the state of Michigan alone in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets.

Full sized packages may be found at all druggists at 50 cents, or sent by mail on receipt of price from F. A. Stuart & Co., Marshall, Mich.

First Troops Go to Havana.

Savannah, Ga., Nov. 23.—The First battalion of the Second United States volunteer engineers left Savannah Tuesday afternoon on the Plant system for Port Tampa, and will sail from there on the transport Florida for Havana today. These will be the first American troops to enter Havana, sent from the United States. It has been reserved for the engineers to have the honor of being the first to enter the Cuban capital.

Adj.-Gen. Reece Goes to Panama.

Springfield, Ill., Nov. 23.—Adj.-Gen. J. N. Reece has gone to Panama to supervise the operations of the national guard in carrying out the orders of the governor. No action has been taken by the troops in pursuance of the order to disarm all persons carrying weapons and it was understood that the officers in charge would await the arrival of the adjutant-general.

Rains Check Prairie Fire.

Fort Worth, Tex., Nov. 23.—The most disastrous prairie fire that ever ravaged the Indian territory has been brought to an abrupt stop by heavy rains. The fire started two weeks ago in the Chickasaw and Choctaw nations and it is estimated that property valued at \$250,000 has been destroyed. An area of seventy-five miles square was burned over.

Investigating Varden Riots.

Carlinville, Ill., Nov. 23.—Tuesday's proceedings plainly disclosed the temper of the grand jury investigating the Varden riots, which shows that there will be no whitewashing, but a rigid and comprehensive probing. President Lukens was before the grand jury. The fact that he was to appear was kept secret for fear of violence. Manager Loucks of the coal company will be asked to testify and a subpoena has been issued for Gov. Tanner.

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon, and is pleasant to take. TWO POSTOFFICES ROBBED.

Burglars Secure \$125 at Geneva, Ill., and \$100 at Vincennes, Ind.

Geneva, Ill., Nov. 23.—About 5 o'clock Tuesday morning burglars forced an entrance through the rear door to the postoffice here, wrecked the safe with nitroglycerin and secured in cash about \$125. Cash in the drawer, stamps and registered mail matter were not disturbed. No arrests have been made.

Warsaw, Ind., Nov. 23.—Burglars entered the postoffice at Vincennes, Ind., Monday night and secured about \$100 in cash and stamps. Bloodhounds were placed on their trail.

La Porte, Ind., Nov. 23.—Robbers Monday night made an unsuccessful attempt to enter the bank at Westville, this county. The man on guard in the bank fired a number of shots, and, becoming alarmed, the masked men ran away.

Costly Fire in Racine.

Racine, Wis., Nov. 23.—Fire Tuesday wiped out the large plant of the Belle City Malleable iron works, with the exception of the blacksmith shop and offices. The plant covers nearly three acres of ground. The value of the plant is estimated at \$150,000, and the loss will amount to about \$100,000 on the buildings, stock and machinery. The insurance is \$40,000, and is held by Milwaukee companies. The Shadbolt & Boyd iron company of Milwaukee is heavily interested in the plant.

Mrs. Rosenberger Is Held.

Princeton, Ind., Nov. 23.—Justice Corder on Tuesday rendered a written verdict in the Rosenberger poisoning case, binding the defendant, Mrs. Rebecca A. Rosenberger, over to the next term of the Gibson Circuit court in the sum of \$5,000. The bond was finally reduced to \$1,000. Dr. O. L. Hudson, at whose home the defendant is a housekeeper, signed the bond. The prosecuting witness, Alva Rosenberger, was placed under a \$500 bond.

Blizzard Looming for Fore.
Omaha, Neb., Nov. 23.—The blizzard that for twenty-four hours has raged in Nebraska with extraordinary violence has abated somewhat. Out in the state where the wind had full sweep the suffering of those exposed to the storm's fury was intense. The loss of stock is considerable.

Fears the United States.

Moscow, Nov. 23.—M. Prawdin of St. Petersburg has an article in the Messenger, in which, under the title, "American Messianism," he warns the monarchies of Europe that they must at all costs check the United States' dangerous influence. Under the guise, he says, of a mission of liberation the American republic conceals an itching desire to create republics where monarchies now exist.

GOOD ATTRACTIONS
FOR LOCAL PUBLIC"WHY SMITH LEFT HOME" WAS
PRESENTED.

Show Proved One of the Best That Ever Played to Janesville Theater Goers—John R. Clarke Delivers Interesting Lecture—Several Coming Dancing Parties.

"Why Smith Left Home" was presented at the Myers Grand last evening to a much smaller audience than the play deserved. To say that it was one of the best farce comedies ever presented to a Janesville audience is not laying it on a bit too thick. The show from beginning to end never lagged, and it kept the audience in constant laughter. The company as a whole could hardly have been improved upon. Artists in every sense of the word filled its ranks. Fun abounded, and still it was of such a character that one never tired of it, for it never once reached the horseplay stage.

Maelyn Arbuckle, in the title role, was perfection, and he has a national reputation as being well up in the business. He made an ideal Mr. Smith, with no end of trouble to guard against. Annie Yeamans, as the Irish cook, is too well known to the theatre-going public of this entire country to need any introduction. Her character work could not have been improved on. She is a whole show in herself, and the press of the east have been paying her much favorable attention of late.

Marion Giroux as Mrs. Smith and Dorothy Usner, as the demure and bewitching maid, were good. Each and every member of the company played their parts well, and special scenery carried by the company was used in each act.

The company here played to a losing house when the night before they played to an \$800 house in La Crosse.

Clarke Lecture.
At the Y. M. C. A. building last evening a large audience gathered to hear John R. Clarke in his lecture on "To and Fro in London." The audience was an appreciative one, and from beginning to end the lecturer had no trouble in holding close attention.

Mr. Clarke's visits to the great metropolis gave him an insight into that wonderful city that only a gifted man could possess. The material that he gained there by hard and constant work he gave forth last evening in a way that was highly entertaining. It was the third attraction on the Y. M. C. A. course.

Odd Fellows Dance.
The second of a series of social dancing parties will be given by Janesville Rebekah Lodge No. 171, I. O. O. F., at West Side Odd Fellows' hall Thanksgiving night, November 24th, to which all Odd Fellows, their families and those holding invitations to previous parties will be made welcome. Tuckwood's orchestra.

Trainmen's Party
This evening at the armory occurs the thirteenth annual ball of Rock River Lodge No. 210, Brotherhood of Railway Trainmen. It will be an elaborate affair, as usual. Goldberger's orchestra, of eleven pieces, from Monroe, will play and the Ladies' Auxiliary will provide an excellent supper.

Sinnissippi Party
At the Armory tomorrow evening members of the Sinnissippi Golf club and invited friends will dance, and the party promises to be one of the events of the season.

Notes
Members of the Concordia society will dance this evening at Concordia hall, and Tuckwood's full orchestra will play.

A delegation from Crystal Camp No. 132, Royal Neighbors of America, visited the Johnstown Camp last night. The party left at 6:30 and came back at a late hour last night.

THANKSGIVING DAY IN JANESVILLE

IT WILL BE APPROPRIATELY
OBSERVED BY EVERY ONE.

All Business of a Public Character Will be Suspended, Banks and Public Offices Being Closed—Dinners at the Hotels and Entertainments at the Theater.

The people of Janesville generally will observe Thanksgiving Day in accordance with the suggestions of the president in calling apart the day. Many will give praise and thanksgiving to Almighty God for the blessings they have enjoyed during the year, and all will enjoy a feast of unusual excellence, regulated by the length of the purse of the head of the household.

Those devoutly inclined will unite in Thanksgiving services at the Court Street Methodist church, where Rev. Arthur C. Kempton, of the Baptist church, will preach a sermon appropriate to the occasion.

Holy Communion will be observed in Trinity church at 7:30 a. m.; in Christ church at 8 a. m. Union services will be held in Trinity church at 10 a. m. Sermon by the rector of Christ church.

At St. Patrick's Catholic church a thanksgiving mass will be said at 8 o'clock. At the same hour, thanksgiving mass will also be celebrated at St. Mary's church.

At the hotels elaborate dinners will be given to the guests, roast turkey, mince and pumpkin pies forming the pieces de resistance.

All the public offices, federal, state and municipal, will be closed. Post-office officials will observe holiday hours, but one delivery and one collection being made during the day, and the post-office being open only at the noon hour.

At the opera house a special matinee and evening performance will be given by "The Lost Paradise" company, a dramatic organization of high merit.

All the banks will remain closed during the day. According to law paper maturing tomorrow is made payable to day, but it has been the custom of some financial institutions to extend the days of grace to Friday morning. This is merely a courtesy, however, and cannot be insisted upon, as the law requires obligations maturing on a holiday to be paid on the previous day.

There are few poor people in Janesville. Such as there are, however, will receive a hearty welcome at the Mary Kimball mission on Jackson street, where a bountiful dinner will be served free of charge in the afternoon, especially for children, although older people will not be turned away.

Business generally will be suspended. The grocers will keep their stores open for an hour or two in the morning for the accommodation of those who have neglected to provide themselves with necessary comforts for the day.

A number of balls will be given in the evening, and in almost every household there will be an assembling of families long separated.

NO PAPER TOMORROW

In order to give its employees an opportunity to observe Thanksgiving Day, The Gazette will not be issued tomorrow. The day will be characterized by the suspension of all business throughout the city.

MACHINE COMPANY BUILD WAREHOUSE

DIRECTORS HAVE SUCH PLANS
UNDER WAY.

In all Probability the Proposed Structure Will be Built in the Spring—Will be Credit to the City—No Action Has Yet Been Taken.

Although nothing of a definite nature has as yet been announced, it is quite evident that the Janesville Machine company have now under consideration the erection of a mammoth warehouse in this city at no distant day.

Just where the new building will be located is a matter of much speculation, but it will most likely occupy the ground at the southeast corner of River and Pleasant streets, where now stands the wooden frame structure occupied by F. A. Taylor & Co.

For several months past the Janesville Machine company have been pressed for want of sufficient storage accommodations, and that they are soon to take some definite action in the matter is only carrying out a long cherished plan.

A prominent stockholder in the company stated this morning that the present idea is to erect a storage warehouse of brick, three stories high, and a model structure throughout, that will be a credit to the city.

"It is most likely that the directors will not act in this matter for some time yet," said one of the company directors this morning, "but don't for one minute think that we don't intend to build this warehouse. It has now got to that point where it is absolutely necessary that we have such a building in order to keep abreast of our growing and already large trade to all parts of the country. When this warehouse is built, which in all probability will be in the spring, it will be one of the most complete buildings of its kind in this part of the country."

TO YIELD UNDER PROTEST.

Belief That Spain Will Agree to Our Terms.

EUROPE IS INDIFFERENT.

Leading Madrid Newspaper Comments Bitterly on the "Lack of Justice" in the World—Commission May Not Be in Session Today.

Madrid, Nov. 23.—The cabinet held a meeting Tuesday evening. Subsequently Duke Almodovar de Rio, minister of foreign affairs, sent a long telegram to Senor Montero Rios, president of the Spanish peace commission. The contents of the message are secret, but the dispatch is supposed to be the final reply to the American demands, Spain yielding under protest. It is also supposed that the dispatch contained instructions to endeavor to obtain all possible concessions.

The public are so weary of the whole business and were so thoroughly prepared for the rejection by the United States of the arbitration proposal that the American answer caused no sensation. The newspapers lament the "lack of generosity" on the part of the United States, and declare that Japan or some of the European powers would have paid more than \$20,000,000 for the Philippines.

The profound disappointment at European indifference is again expressed by the Imparcial. Bemoaning this condition of affairs, that paper concludes: "All idea of justice has vanished from the world. All nations pillage in turn the countries which are weak. There are no longer great and small powers, only tyrants and victims."

The government has issued a decree authorizing the issue of interior bonds to the amount of one thousand million pesetas.

Senor Puigcerver, minister of finance, has renewed the law prohibiting the export of silver.

Premier Sagasta, in response to a question last evening, declared that in the event of Cuban insolvency Spain, as the guarantor of the Cuban debt, would endeavor to make some arrangement with the Cuban bondholders.

Premier Sagasta visited the queen regent at the palace and informed her majesty of the resolutions passed at the meeting of the cabinet Sunday night, when a dispatch from Senor Montero Rios reporting the proceedings of Monday's meeting of the Paris peace commission was discussed.

Senor Sagasta considers it his paramount duty to continue in office until the chambers actually ratify the treaty of Paris, making some modification of the cabinet beforehand and then resigning.

Capt.-Gen. Blanco has announced that he will shortly leave Havana for Spain.

Spain May Not Answer Today.

Paris, Nov. 23.—There will probably be no meeting of the joint peace commission today. The full text of the American ultimatum did not reach Madrid until 8 o'clock this morning, and although a summary has been telegraphed to the government, the Spanish delegates do not believe that the cabinet will act thereon in season to allow the holding of a session in the afternoon.

The opposition to acceptance of the American terms on the part of the Spanish delegates has increased instead of diminished since Monday. Two of Senor Montero Rios' associates—the three making a majority of the commission—have joined him in making a strong recommendation to the Madrid government to reject the American offer, regardless of consequences.

It is highly improbable that this advice will be adopted, but Prime Minister Sagasta will find great difficulty in enforcing his peace policy against the wishes of a majority of his delegates. It is an open question whether they will obey instructions to sign the treaty of peace. It is certain, in any event, that they will disclaim all responsibility for the acceptance of the American terms, and will accept only in the capacity of instruments of Senor Sagasta's decision.

A correspondent has had long consultations today with representatives of both branches of Spanish opinion. The discussion covered the whole situation from the Spanish standpoint, and was of the frankest and most unrestrained description. It was freely admitted by each that the time had gone by for bluffing, maneuvering, or blinking at the facts; that Spain must decide her own fate, and, in deciding, must answer the American offer finally.

Carries Food to Starving Cuba. Washington, Nov. 23.—The commissary department has dispatched the steamer Bratten from Savannah with 700 tons of provisions for the starving people of Cuba. The Bratten will leave a portion of the cargo at Havana and then will sail to Matanzas and other points.

THREE HAPPY WOMEN.

Each Relieved of Periodic Pain and Backache. A Trio of Fervent Letters.

Before using Lydia E. Pinkham's Vegetable Compound, my health was gradually being undermined. I suffered untold agony from painful menstruation, backache, pain on top of my head and ovarian trouble. I concluded to try Mrs. Pinkham's Compound, and found that it was all any woman needs who suffers with painful monthly periods. It entirely cured me.—Mrs. GEORGE WASS, 923 Bank St., Cincinnati, O.

For years I had suffered with painful menstruation every month. At the beginning of it was impossible for me to stand up for five minutes. I felt so miserable. One day a friend of Mrs. Pinkham's was thrown into my lap right down and read it. I then got E. Pinkham's Vegetable Compound and can heartily say that to-day I feel like my monthly suffering is a thing of the past. I always praise the Vegetable Compound done for me.—Mrs. MARGARET ANDERSON, Lewiston, Me.

Lydia E. Pinkham's Vegetable Compound has cured me of painful menstruation and backache. The pain in my back was dreadful, and the agony I suffered during menstruation nearly drove me wild.

Now this is all over, thanks to Mrs. Pinkham's medicine and advice.—Mrs. CARRIE V. WILLIAMS, South Mills, N. C.

The great volume of testimony proves conclusively that Lydia E. Pinkham's Vegetable Compound is a safe, sure and almost infallible remedy in cases of irregularity, suppressed, excessive or painful monthly periods.

"The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year."

Three to two,

Favorite Base Burners have three hot

air flues. Other stoves have but two.

Never noticed the flues?

Most people haven't.

Flues carry the heat from the fire pot

around the stove. In a three-flue stove (the

Favorite) two flues carry the heat down the

outer edges of back and around the extreme

outer edges of base to the front of the stove.

Here they unite and return across the center

of base and up the center of back.

Three flues on the back of stove, three

flues on the base of stove.

Every inch of the stove a positive heat-

ing surface.

A two-flue stove has but one flue down

and one flue up.

The three-flue arrangement spreads the

heat to the extreme outer surfaces of the

back and of the base.

The more heating surface you have the

less coal you waste.

The Life-Time of a Book.

Books printed four centuries ago still exist, with their paper in good condition, but if the committee recently appointed by the Society of Arts in London to study the deterioration of modern paper is not seriously mistaken, multitudes of books printed to-day will be very short-lived. Perhaps, in many cases, that fact is not to be regretted. If bad and worthless books could always be printed on paper that in a few years turns to dust, and good books always on enduring paper, the makers of bad paper would, after all, be benefactors of the public. The committee referred to finds that paper containing mechanical, or ground, wood-pulp especially tends to both disintegration and discoloration. Papers consisting mainly of fibers of cotton, flax and hemp are the most lasting.

New Feet for Old Stockings.

A much felt want is filled at last. Every mother knows how much faster the foot portion of a stocking wears than the upper part. Re-vamping stockings with feet out from the legs of old ones was never an entirely satisfactory expedient, as the seams were uncomfortable. New separate feet may be bought, ready to be sewed to the legs of worn stockings. This is a boon which few mothers of large families will fail to appreciate. The feet may be had in cotton and merino wool. The former are sold at ten cents and the latter at fifteen cents per pair, a reduction being made when the feet are bought by the half dozen pairs.

Refuse India-Rubber.

Goodyear's great discovery of the art of vulcanizing india-rubber needs a supplement in the shape of a process of devulcanizing old rubber so as to make it amenable to a second treatment. No perfect reclaiming process has ever been devised. The present imperfect process gives a product which is used for some articles, such as the heels of india-rubber boots. India-rubber is advancing in price, and a substitute for it remains to be discovered. It is said that an india-rubber factory once built a road through a swamp with the waste scrap from its works. Now it would be reclaimed and utilized.

Tremendous Rainfalls.

A recent remarkable rainfall of 31.76 inches in twenty-four hours, which occurred in northern Ceylon, leads a correspondent of Nature to recall other records of heavy rains. The greatest annual rainfall known occurs. It is said, in the Khasia Hills in India. It amounts to 600 inches, or 50 feet! On one occasion 2½ feet of rain fell in the Khasia Hills every twenty-four hours for five successive days. Gibraltar has been drenched with 33 inches of rain in 26 hours, and Genoa with 30 inches in the same length of time.

Microbes for Toothache.

A German dentist named Dr. Herz has made a most valuable discovery, which is likely to prove beneficial to vast numbers of persons. It consists in an inoculum prepared from microbes he cultivates for the purpose. When applied in the case of a decayed tooth it stops the pain, but does not destroy the nerve; further, it again fixes the tooth and makes it possible to put in a lasting stopping. He has already treated a number of cases with it, and they have proved most successful.

Wood-Carrier for the Men Folks.

A common short bag, with a rope of the right length, its two ends fastened to the upper corners of the bag, makes a good wood-carrier when the kitchen box has to be filled. The rope is slipped over the shoulders, or over one and under the other arm, then the other end of the bag is held up apron-wise and the wood piled in. A huge armful of wood can be carried easily in this way.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by Peoples Drug Co.

WINE OF CARDUI

Woman's
Crowning Virtue.

BELTON, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

A LARGE BOTTLE OF WINE OF CARDUI COSTS \$1.00 AT THE DRUG STORE.

PISO'S CURE

I have been taking Piso's Cure for Consumption since 1883, for Coughs and Colds. I had an attack of La Grippe in 1890, and have had others since. In the Winter of 1896-7, I had a spell of Bronchitis, lasting all winter, and leaving a troublesome cough, until I again tried Piso's Cure, which relieved me.—Mrs. M. B.
